SECTION DETAILS : BAY

NOT TO SCALE

NOTES:

Standard set-up unit has hardware, weatherstrip, drip cap, screens and head and seat boards applied. Standard jamb with extender is 4 9/16". Head and seat boards are select pine, edge-glued, finger-jointed and sanded, 1" finished thickness. Optional 3/4" veneered head and seat boards are available in clear pine and oak.

Rough and masonry opening heights include head and seat boards. If head and seat boards are not specified, subtract 3/4" for each board. Construction materials supplied by others.

* Projection is defined as the dimension from the back of the nailing flange to the exterior of the wall sheathing.

OPTIONS:

Bay units must be configured from standard size units. An almost infinite number of combinations are possible from a wide range of standard units available. Add together casement windows of the same height to create any grouping desired.

Height Measurements	
BAY	
Height	R.O. Height
48	4-2
54	4-8
60	5-2
