SECTION DETAILS : BAY SCALE: 3"=1'-0"

NOTES:

Standard set-up unit has hardware, weatherstrip, drip cap, screens, and head and seat boards applied. Standard jamb with extender is 4 9/16". Head and seat boards are select pine, edge-glued, finger-jointed and sanded, 1" finished thickness. Optional 3/4" veneered head and seat boards are available in clear pine and oak.

Rough and masonry opening heights include head and seat boards. If head and seat boards are not specified, subtract 3/4" for each board. Construction materials supplied by others.

* Projection is defined as the dimension from the back of the nailing flange to the exterior of the wall sheathing.

Height Measurements			
BAY		BOW	
Height	R.O. Height	Height	R.O. Height
42	3-8	48	4-1 1/2
48	4-2	54	4-7 1/2
54	4-8	60	5-1 1/2
66	5-8	66	5-7 1/2
		72	6-1 1/2

NOTES:

Bay units must be configured from standard size units. An almost infinite number of combinations are possible from a wide range of standard units available. Add together double hung windows of the same height to create any grouping desired.
